Operating at a very high level of performance, demonstrating well developed occupational health and safety management systems and culture, outstanding control of risk and very low levels of error, harm and loss.

besa | 
BRITISH EDUCATIONAL
SUPPLIERS ASSOCIATION

Monarch Education Furniture is an official member of the British Education Suppliers Association (BESA). BESA is a trade association who work on behalf of their members to support UK-based companies that supply goods and services to the education sector.

Welcome to Monarch Education Furniture

For over 30 years we've been carving out a unique spot in the education furniture industry, with warm customer service and fantastic lead times that you won't find anywhere else. In our 100,000 square foot purpose-built factory in Nottingham, we manufacture a wide range of stock units and undertake bespoke projects to meet the complex needs of the education, healthcare, and public sector markets.

Our customers are always at the heart of our business and our dedication and commitment to service and support is the reason we are recognised as a leader in our field.

Follow us on our journey...

Environmentally Friendly

Did you know?

Our certified FSC MFC is manufactured in Chirk, Wales. 85% of the boards are recycled timber (a mix of hardwood & softwood coming from old furniture, pallets, cable reels).

The recycled content comes from the UK & the 15% comes from sawmill residue (Not virgin wood) grown in the UK. For every tree felled - five trees are replanted.

Once our furniture reaches the end of its lifetime, 100% of the unit can be recycled.

 Citation ISO Certification

14001: 2015

Certificate No: 192762012

REGISTERED

Factory

LED lighting in the factory and offices are each fitted with an individual PIR sensor so that they are only on when someone is active in that area. The dust extraction system is fully enclosed for maximum efficiency which removes all of the wood waste and dust from the machines, this is sent to the silo for burning.

Excess material from units damaged in transit will be returned to the factory for possible reuse. All cardboard, paper and plastic are compacted and recycled with a local recycler. All metal is separated and recycled locally and our supplier of degreasing chemicals is also licensed to collect our chemical waste. We are a registered waste carrier.

Our Biomass boiler can burn up to 5 tonnes...

Burning all the wood waste created by the machines into burnable fuel generates heat for the factory as well as compostable ash waste as the bi product, further reducing the site carbon footprint.

This reduces our reliance on fossil fuels to heat the factory and the system also reduces the risk of offensive emissions for our neighbours and the environment.

Any waste wood that cannot be burnt is recycled into cat litter and biomass pellets with zero wood going to landfill.

Quality

We offer exceptional build quality, hand finished and functionally safe for use within the rigours of a busy learning environment. We use high quality materials and components to ensure each unit is robust, rigid and sturdy. Each unit is constructed using 18mm FSC certified MFC, 2mm thick ABS edging and fitted together by cam and dowel construction.

We manufacture our metal range using 25 x 25mm ERW steel tube, fully welded with an epoxy powder coated finish.

Warranty & Safety

All of our products are hand built in the UK and are independently tested by FIRA to BS EN 16121:2013 Level 2 British Standard and EU equivalent in respect of strength, durability and stability. Complete with a 5-year warranty.

Unwrap & Check Service™

With our famous **Unwrap & Check Service™** our driver will deliver your order to a nominated ground level reception point. All items are unpacked by our driver and checked by the customer for damages. All packaging is taken away by driver which is then recycled by our factory.

Sales Team

Our customers are always at the heart of our business and our dedication and commitment to service and support is the reason we are recognised as a leader in our field.

INTRODUCING THE MONARCH TRAY™ RANGE

Create inspiring and organised learning environments with our range of Monarch Trays™ - available in four different sizes and 23 vibrant colours. With subtle rounding of corners, we have created a tray that has a contemporary look with a softer touch.

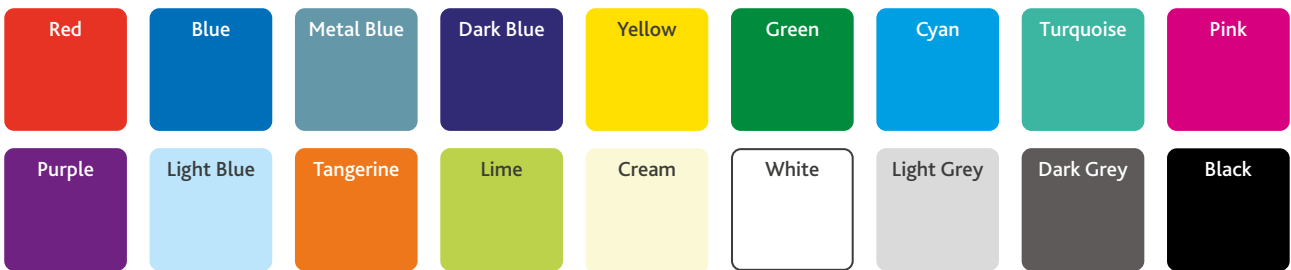

The Monarch Tray™ range will fit all standard school furniture so upgrading to our trays will be as easy as 123. Our trays are manufactured to last but at end of life they can easily be recycled.

Manufactured in the UK from 100% polypropylene, our trays are virtually indestructible, shatterproof and will stand up to the rigors of daily use in any learning environment.

INTRODUCING THE MONARCH TRAY™ RANGE

Monarch Tray™ Classic Solid Colours

ALL SORTS STACKABLE™ COMBINATION UNITS

A range of hard-wearing, high-quality storage units designed and manufactured to meet the demands of the modern classroom. Manufactured from 18mm FSC certified MFC in either beech or maple with 2mm ABS edging. Delivered fully assembled with Monarch Trays™ and supplied with connecting pins for added safety. Supplied with easy to fit castors so units can be mobile or static. Hand built to BS EN 16121:2013 Level 2 British Standard and EU equivalent in respect of strength, durability and stability. Complete with a 5-year warranty. Please be aware that if units are stacked over 2 meters, additional wall fittings will be required (not supplied).

Helping the community

Monarch is honoured to support and collaborate with Operation Orphan and Forget-Me-Notts, contributing to their growth and raising awareness of the invaluable work they do.

Operation Orphan exist to keep orphans and vulnerable children around the world – safe, warm, healthy and learning.

Forget-Me-Notts specifically concentrate on tackling bed poverty in the East Midlands area, providing beds and bedding to ensure children can remain in their family setting, get a good night's sleep and be ready for school the next day.

Our partnership extends beyond financial assistance, encompassing logistical support such as the provision of additional beds, as well as enabling our staff to volunteer their time during work hours.

We are committed to helping in every possible way to ensure these organisations continue with their vital mission of supporting vulnerable children.

If you would like to know more information about **Operation Orphan** and **Forget-Me-Notts**, scan or tap QR code.

"Our customers are always at the heart of our business. Our dedication and commitment to service and support is the reason we are recognised as a leader in our field."
